

# Consolidated billing

Locumsmart's consolidated billing feature is designed to save you time and simplify the payment process to locum tenens agencies.

## What is consolidated billing?

Locumsmart's consolidated billing is a feature that allows you to automate your workflow to combine approved agency invoices into one consolidated bill for payment by your organization.

Payments can be initiated manually or automatically based on your organization's preferred settings.

## Customizable settings for consolidated billing

Locumsmart allows you to set up consolidated billing to match your organization's workflow preferences.:

- How often you want to receive consolidated invoices
- Which facilities or regions to include
- The maximum amount to consolidate
- The maximum payment that can be approved
- The number of days of delay between approval and payment
- And more!

## Why implement consolidated billing with Locumsmart?

Locumsmart's consolidated billing feature is fully automated.

User-configurable software settings allow you to have 100% control of the consolidation and payment process.

## Benefits of consolidated billing

**Less administrative work:** Save hours each week previously spent manually searching for, compiling, and processing invoices for payment.

**Invoice archive:** Locumsmart automatically stores consolidated invoices so you can quickly access the information you want when you need it.

**Accurate and timely payments:** Eliminate double and returned payments along with the labor required for credit reconciliation.

## Free electronic payment processing:

Electronic payment is included with no fee and fully customizable to match your workflow.
